EDUCATION

B.E.Electrical and Electronics Engineering

KPR Institute of Engineering and Technology

2023 - 2027

CGPA : 8.29[Upto 4th Semester]

Higher Secondary Education

South Indian Matric Higher Secondary School

2021 - 2023

PERCENTAGE : 90.5%

EXPERIENCE

Electrical Engineering Intern

NLC India Limited

July 2024 - Aug 2024

Learned **33 kV/11 kV substation** operation, essential safety practices, and key protection systems such as differential and Buchholz relays while observing **CTs, PTs, circuit breakers, and isolators**.

Embedded Intern

Wizzard Systems

Dec 2024 - Jan 2025 (2 Week)

Learned embedded system design using **microcontrollers** and **worked with Keil IDE**. Hands-on experience in **embedded C coding** and **basic debugging**.

Electrical Safety Intern

Foretec Electric

Jan 2025 - Feb 2025 (2 Weeks)

Worked with the **Safety Audit team at leading Hospital** in Coimbatore. Had exposure to **MCB/RCBO operation, tripping technologies**. Contributed to safety compliance **reports**.

IoT Development Intern

Emgiltz Technologies

June 2025 - July 2025

Involved in IoT development using sensors. Gained experience in **data acquisition and cloud connectivity**. Learned real-time **monitoring and hardware-software integration**.

CERTIFICATIONS

- '**Foundation course on Electric Vehicle**' technical training program offered by **BOSCH**.
- '**Electronic System Design: Hands-on Circuits and PCB Design with CAD Software**' course by **NPTEL**.
- '**Introduction to Microsoft Azure : Describe cloud concepts**' course offered by **Microsoft**.

DECLARATION

I hereby declare that all the information provided above is true and accurate to the best of my knowledge.

- Srikanteshwaran S

MY PROFILE

As an Electrical and Electronics Engineering student, I am passionate about technology, innovation, and practical problem-solving. I strive to apply my technical skills in real-world environments and contribute the industry to meaningful projects. With a motivated and adaptable approach, I am eager to learn, grow, and take on new challenges that drive impactful and positive results.

MY SKILLS

Software and Simulation

ETAP Proteus Multisim Pspice Keil Ide

Embedded Systems

NodeMcu Embedded c Kicad

Control & Automation

PLC Matlab

Robotics and Control

ROS2 Basic Gazebo Fusion 360 Unity

Programming

Java C Python

Tech Stacks

Linux IoT Devops

MY PROJECTS

Smart Parking Management System

Proteus NodeMcu IoT

Developed an **automated parking system** powered by solar energy with **real-time slot detection** using IR sensors. Integrated the system with **ThingSpeak cloud** for live monitoring, automated, and energy-saving operation.

Automated Street Light

Proteus NodeMcu Multisim

Implemented **LDR-based night detection**, keeping the **light in dim mode**, and used a PIR sensor to switch it to high brightness on motion. Added a **MOSFET regulator** for stable brightness control and verified the circuit in Proteus.

IoT Based Transformer Based Monitoring System

Proteus NodeMcu Matlab Embedded C Pspice

Implemented a transformer monitoring setup using **NodeMCU to measure temperature, oil level, and vibration** with **Embedded C**. Enabled IoT-based real-time monitoring and alert notifications, validated the circuit using Proteus and used MATLAB for basic data interpretation.

ROS2-Based Robotics Simulation

ROS2 Basic Linux Gazebo Python Basic

Simulated a differential drive robot model in **Gazebo using ROS2 Jazzy**, implementing publisher-subscriber nodes for **robot motion control**. Configured simulated sensors and evaluated robot behavior across multiple virtual environments using ROS2 communication.

Motor Driver PCB (KiCad)

Kicad

Designed a **MOSFET based motor driver PCB using KiCad**, covering schematic creation, component **placement, and routing**. Performed design rule checks and validated circuit behavior through simulation to ensure reliable motor control operation.

ROLES & POSITIONS

- Former IEEE Member**
Design Team Member - IEEE KPRIET SB
Public Relation Officer - IEEE PES Society
- Joint Secretary - Technowatt (EEE Association)**
